Mr. Stig Wahlstrøm
Product Manager
Kongsberg Maritime AS
Kirkegaardsveien 45,
P.O. Box 483,
NO-3601 Kongsberg,
Norway

Dear Mr. Wahlstrøm,

The Maritime Administrator has further reviewed Kongsberg's K-Fleet Logbook system against the guidance for the use of electronic record books onboard Marshall Islands flagged vessels. Based on this review, the Administrator has determined that, provided the requirements outlined in Marine Notice No. 7-041-5 are met, Kongsberg's K-Fleet Logbook system may be used to fulfill the requirements in section 7.41.2 of the Marshall Islands Maritime Regulations to maintain in particular a Deck and Navigation Log, an Engine Room Log, an Oil Record Book, Cargo Record Book, a Garbage Record Book, and a Radio Log.

Of particular note is the ability of the K-Fleet Logbook system to be integrated with the K-Fleet Voyage application to monitor and report daily voyage data in support of and to meet the compliance needs of the forthcoming EU MRV regulatory requirements.

Owners or operators of Marshall Islands flagged vessels intending to install the K-Fleet Logbook system on their vessels remain responsible for ensuring compliance with the requirements in Marine Notice No. 7-041-5.

Sincerely,

A handwritten signature in blue ink that reads 'Thomas F. Heinan'.

Capt. Thomas F. Heinan
Deputy Commissioner of Maritime Affairs
Republic of the Marshall Islands
