Dear Sirs,

**Acceptance of Fleetmaster® electronic logbook on Swedish vessels**

The Fleetmaster® electronic logbook is accepted for use on Swedish flagged vessels when the assumptions listed below are fulfilled

- The workstation on the bridge where the logbook is available shall be designed in accordance with the principles given in MSC/Circ. 982.
- Presentation of the logbook shall follow the regulations in Resolution MSC.86 (70) and MSC/Circ. 982/5.3.4.
- Lightning of display and keyboard shall follow the regulations in MSC/Circ. 982/5.3.6.

The following documentation shall be carried on board and be presented upon request during port state control or other authorized vessel inspections:

- Declaration from Marine IT Company AS or the installation contractor that the system is installed according to current regulations, is performance tested and found in full functioning order.
- Declaration from the owner that the officers on board has received training in accordance with STCW-95 rule I/14.1.4 and that routines for safekeeping of the logbook in accordance with Swedish rules for ship logbooks is implemented in the ships ISM system.

Yours faithfully,

Sten Anderson  
Head of staff
