120 Person Wind Farm Commissioning/Service Vessel (CSOV)

General

Our family of wind farm commissioning and service vessels is designed with the latest industry requirements in mind. The vessels are design with operational and energy efficiency in mind. On board logistics and accommodation provide comfortable and safe work and living environments.

The designs flexible with regard to gangway and crane type and supplier. Both double sided or single side gangway layouts are possible.

MAIN FEATURES

Length overall	approx. 92,80 m
Breadth, mld	approx. 19,60 m
Draught, maximum	approx. 6,30 m

ACCOMMODATION

Accommodation and equipment for up to 120 persons in 92 cabins. Comfort class V(2)

HULL and PROPULSION

Full double-ended hull and propulsion set-up allowing optimum operation within the wind farm and positioning along the wind turbine.

SPEED and GANGWAY OPERABILITY

Maximum service speed approx. 13 kn
Operational wave height approx. 3.0 m Hs

CARGO and OPERATION

Cargo deck area	approx. 400+100 m ²
Warehouse area	approx. 420 m ²
Environment controlled store, workshops, IMDG stores	

MISSION EQUIPMENT

Motion compensated gangway, reach 10m to 30m above the waterlevel
3D motion compensated crane
Daughter craft
Aft CTV landing with height adjustable walkway
Additional side CTV landing
Helicopter landing deck with step-less access
