NVC 375

81,5M STERN TRAWLER FOR ARCTIC WATERS

General

Our family of trawlers are all designed for safe, environmentally friendly, reliable and economical fishing in harsh and ice infected waters.

The stern trawler vessels may be fitted with different propulsion systems; single-screw, twin screw, azimuthing thruster in foreship. Depending on operational profile of vessel, we will, in close cooperation with Owners, find the optimal propulsion system for each specific vessel and fishing operation.

CLASS

Any IACS Class Society

Polar Code Compliant-High Ice class

Main Features

Length overall	approx.	81,5 m
Breadth, mld	approx.	18,00/20,00 m
Draught, design	approx.	6,80 m
Draught, summer/Scantling	approx.	7,40 m

ACCOMMODATION

Accommodation and equipment for 33 persons, 28 cabins.

HOLD CAPACITY

Freezing Holds (Tween deck)	appr.	2200 m3
Packing Hold	appr.	300 m3

FISHING SYSTEM

Single, Double, Triple, Quattro or Quintuple trawling.

PROCESSING

Highly effective processing for shrimp, white fish and crab up to 100 tons/day.

DESIGN AND INTEGRATED SYSTEMS

Ship Design Solutions can provide Ship Design alone or integrated system solutions for:

- Propulsion systems
- Winches deck systems
- Energy Storage systems
- Power generation systems
- Integrated Automation systems
- Integrated Bridge
