

KONGSBERG

LONGLINER  
NVC 306 WP

## SHIP DESIGN AND INTEGRATED SYSTEMS

### NVC 306 WP 55M LONGLINER

#### General

Our family of longliners are all designed for safe, environmentally friendly, reliable and economical fishing in harsh waters.

The longliner vessels may be fitted with different propulsion systems; single-screw, twin screw, azimuthing thruster in foreship. Depending on operational profile of vessel, we will, in close cooperation with Owners, find the optimal propulsion system for each specific vessel and fishing operation.

#### CLASS

Any IACS Class Society

Ice class

#### Main Features

Length overall	approx.	55,50 m
Breadth, moulded	approx.	13,20 m
Draught, design	approx.	5,00 m
Draught, summer/Scantling	approx.	5,60 m

#### ACCOMMODATION

Accommodation and equipment for 25 persons, 16 cabins.

#### HOLD CAPACITY

Cargo Hold	appr.900 m3
Bait Hold	appr.130 m3

#### FISHING SYSTEM

Autoline hauling through moonpool.  
Gillnet hauling through moonpool or side.

#### PROCESSING

H/G freezing capacity up to 50tons/day

#### DESIGN AND INTEGRATED SYSTEMS

Ship Design Solutions can provide Ship Design alone or integrated system solutions for:

- Propulsion systems
- Energy Storage systems
- Power generation systems
- Integrated Automation systems
- Integrated Bridge solutions
